## Religious Studies trainee teacher

### How did you find out about our teacher training?

I found the teaching school on the gov.uk search. I then went onto the school website for further information and was really impressed.

### What was your route into teaching?

I did a BA degree and previous experience of teaching in prisons led me to want to teach full time. Relocating back to Middlesbrough was the perfect opportunity and AGS was the perfect fit.

### How did you find the process from applying to starting?

Very easy! Especially under the current circumstances and not being able to come into school, we were given plenty of information and training prior to starting, making our first day a lot easier.

The staff are incredibly welcoming, supportive and helpful!

### How would you describe your time at AGS so far?

I am loving my time at AGS so far. The staff are incredibly welcoming, supportive and helpful. Nothing is too much and there is a great community feel to the whole school, as well as the educational provision being amazing.

### What has been your favourite part so far?

My favourite part so far has been developing relationships with pupils and watching them progress.
